

North Mundham School

Our school is welcoming, caring and happy – an exciting and creative place to learn together.

We respect and value each other and expect the best of each other.

We work with our school family and the wider community to grow into confident, independent learners and celebrate our achievements.

The aims of our school are:

- to work together to provide a safe, happy, stimulating environment where children can enjoy their right to learn and achieve their personal best.
- to model and promote an environment where everybody respects, values and cares for each other.
- to be a healthy place to grow, learn and play.
- to facilitate and nurture growth, appreciation and understanding in the following areas: aesthetic, creative, cultural, emotional, environmental, intellectual, moral, physical, social and spiritual.
- to prepare and enable our children to be successful contributors in the world beyond school.

So that the children can say:

I like coming to school because:

- I'm going to do something fun, interesting and worth doing;
- I'm going to work and play in different ways;
- I'm going to grow as a learner in a safe and happy place;
- I'm going to be heard when I say what I think or how I feel;
- I'm going to be with friends;

and I trust my school to make it happen.
