

Safety issues to cover at start of term

- Not opening doors to anyone except a member of staff
- Keeping external doors monitored (these will need to be open when safe to do so to enable good ventilation)
- Not playing near gates
- On whistle **walk** to class with 1m between each pupil – teacher to lead
- Visitors wear a badge
- Going home procedures at the end of the day – what to do if mum/dad/grandparent/carer is not there. **Include not leaving with another adult unless pre-arranged.**
- Places not to go – eg. behind snuggle, behind Y3/Y4, area at the back of the hall, tunnel by Y5, bike sheds and up trees, behind stripy shed and outdoor classroom
- Safety in the car park
- Safe use of adventure playground – see attached
- Safe use of pirate ship – see attached
- Reporting to an adult immediately anything that may affect our safety in school.

I have covered the above points with my class.
