

### *Our vision for History at our school*

At North Mundham we want to stimulate the children's interest and understanding about the life of people who lived in the past, in Britain and in the wider world. We encourage the children's historical learning through tools such as chronology, artifacts and investigation.

### *Children in our school will learn about...*

Different points in British history as well as world history. In KS1 children will cover topics such as the Victorians, The Great Fire of London and significant figures from the past. In KS2 children cover topics such as romans, ancient Greece and WW2. All of this is covered in our deeply resources curriculum through Cornerstones.

### *All children will have the opportunity to...*

Learn through engaging topics that link to local and global history. With being within close distance of Chichester the children will all have the opportunity to learn and understand the city's Roman past and experience this through off site trips throughout Chichester Week, a biannual celebration.

## History At North Mundham Primary School

### *We enrich the curriculum by...*

Having a variety of different out of school experiences and trips that are linked to our history topics within the curriculum. Children are given the opportunity to visit sites such as Bignor Roman Villa, Butser Farm, Arundel Castle and The Weald and Downland Museum. As well as giving the children the opportunity to visit places of historical note out of school visitors also come into the school to give the children an opportunity to learn about different historical topics. Paul Ullson is a historian that frequently comes into the school and does workshops with the children on aspects of history such as the ancient Egyptians and The Great Fire of London.

### *A North Mundham Leaver will..*

- Know the history of their local area as well as the history of Britain and other countries around the world.
- Have good and accurate chronological skills.
- Be able to analyze and evaluate artifacts from different periods in British and Global history.
- Develop a sense of identity and a cultural understanding based on their historical heritage.
- Learn to value their own and other people's cultures in modern multicultural Britain.
